

# Pre-Engineered Work Stations

We've taken our most popular work bench configurations and made ordering easy. Simply select the base style, length, and height of the workstation that best fits your needs and order with one part number for the complete configuration.

The Dura-Tech series of work stations are a perfect choice for electronics, manufacturing, science, and industrial assembly areas.

Dura-Tech pre-engineered work stations are equipped with the following standard options:

- 30"d hardwood/maple work surfaces.
- 12"d hardwood/maple upper shelves.
- 16"w x 24"d base cabinets.
- 3-1/2"w leg pedestals.
- 16"h powered rear shelf risers.
- 18"h lower modesty panels.
- 29-3/4"h "desk" height stations.
- 34-3/4"h "lab" height stations.
- Full width 4" x 4" wire management tray.
- 3.25" diameter hole grommets in work surface.

For additional accessories please see pages 23 and 79-84.

### Caster Base Kits for Dura-Tech Cabinets

Use caster base frames to create a mobile work bench with the storage arrangement that best fits your requirements. Mix and match base configurations in the widths indicated. Casters are standard 5" diameter. (2) rigid and (2) swivel casters with brake are supplied with each frame. Caster frames take the place of the standard 4" recessed kick riser and will add a total of 4.5" in height to a base Dura-Tech cabinet. (EX: A standard 28" h base would measure 32.5"h including top when mounted on a caster base. Recommended for 28"h and 34"h cabinets only. See page 85 for available work surface options.
