

ECR Series Workstation

LPT Series Workstation

Mobile Version Shown

The ECR extruded aluminum base provides a sturdy table support with an attractive design. The 2" x 6" vertical column is also available with an optional side wire chase helping to keep wires and cables out of sight yet easily accessible. Laminate work surfaces feature a 1/4" thick high pressure laminated MDF core with our Polyurea spray applied Armor Edging. All tops feature a balance backer sheet. See color chart for standard and available color options. Also available in a mobile version. Height dimension listed is to bottom of work surface, for overall working height add 1/4" for thickness of top.

Our laptop tables offer a simple and practical design for any learning center or office. Our solid all welded construction includes a sturdy 2" rectangular steel tube frame with adjustable height legs. Laminate work surfaces feature a 1/4" thick high pressure laminated MDF core with durable Polyurea spray applied Armor Edging. All tops feature a balance backer sheet. Available with floor leveler feet or in a mobile version. Height dimension listed is to bottom of work surface, for overall working height add 1/4" for thickness of top.

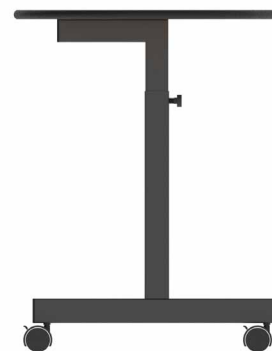

Model Number	Size D x W x H
ECR-2430	24" x 30" x 28"
